Northland Family Help Center

Positive Youth Connections (PYC) is a youth-focused primary prevention program that seeks to educate youth and members of the community, including parents, teachers, and other adults working with youth, about family and relationship violence, sexual violence prevention, and establishing and maintaining healthy relationships. PYC targets high school and middle school students through **PEACE** (Prevention Education And Creative Expression). The PEACE Project involves high school peer educators through the use of theatre, creative art and writing, and group activities. PEACE Club is a collection of middle school students who are training to become peer educators and work with theatre.

The MARS Project (Men Against Rape and Sexism) is a student-driven organization that is focused on decreasing sexual violence at Northern Arizona University. Activities include peer education, community-wide event coordination, coalition-building on and off campus, and political participation.

About ADHS Sexual Violence Prevention and Education Program

The Arizona Department of Health Services (ADHS) Sexual Violence and Prevention Program (SVPEP) receives funds from the Centers for Disease Control for programs aimed at preventing sexual violence and rape in Arizona. For the past seven years, through community level cooperative interventions, SVPEP has provided prevention education on rape and teen dating violence to students, professionals, and community members in Arizona.

Currently, there are seven agencies in three counties receiving funds to support a variety of primary educational programs throughout the state. Target populations include students in elementary through high school, college students, women, medical and legal professionals, law enforcement personnel, and Latino and Native American youth.

Funded activities include:

- Educational seminars
- Trainings for professionals
- Preparation of informational materials
- Education/training programs for students/campus personnel
- Education to increase knowledge about date rape drugs
- Other efforts to increase awareness of the facts about, or to help prevent sexual assault, including efforts to increase awareness in underserved communities, and individuals with disabilities
- Operation of hotlines
