Note: Statistics are provided for cities with populations of 10,000 and over. According to the Uniform Crime Reporting Program, violent crime consists of four offenses: murder and nonnegligent manslaughter, forcible rape, robbery, and assault. Forcible rape is the carnal knowledge of a female forcibly and against her will and includes assaults or attempts to commit rape by force or threat of force. Statutory rape (without force) and other sex offenses are not included. This publication was supported by Grant/Cooperative Agreement number VF1/CCV919941 from the Arizona Department of Health Services, Rape Prevention and Education Program. Its contents are solely the responsibility of the authors and do not necessarily represent the official views of the Centers of Disease Control, the Arizona Department of Health Services, Rape Prevention and Education Program, or the University of Arizona.
